# 5GW PV Module Project in Southern Europe

## Overview

Could a 5 GW PV cell factory help France reindustrialize?

French industrial company Carbon plans the construction of a 5 GW PV cell and module factory in Southern France. Carbons's integrated gigafactory project for photovoltaic cells and modules in Fos-sur-Mer, in the Provence-Alpes-Côte d'Azur region, aims to contribute to France's ambition for reindustrialization.

Will a 5-gigawatt solar panel factory be built in eastern France?

Elise Bruhat from Holosolis introduced their ambitious project of establishing a 5-gigawatt solar panel factory in Eastern France. This initiative aims to reduce Europe's heavy reliance on Asian imports, which currently account for over 95% of its solar panels, and retain more value within Europe by creating jobs and investing locally.

How many solar power plants are installed in Europe in 2024?

2. EU Solar Market Hits Record 65.5 GW in 2024 Installation Capacity: 65.5 GW of new solar PV capacity installed in the European Union in 2024. Applications: Electricity generation for various sectors across the EU. 3. Europe’s Largest Floating Solar Power Plant Begins Operation.

Will holosolis increase Europe's solar production capacity?

The factory will start production in 2025 and, at full capacity, will produce 5GW per year, producing 10 million photovoltaic modules annually. That total can power one million European homes. Holosolis' move increases Europe's solar manufacturing capacity at a time when its supply sovereignty is increasingly a matter of political concern.

## 5GW PV Module Project in Southern Europe

EIT InnoEnergy's Holosolis launches largest ...
May 22, 2023 · Holosolis ' new gigafactory in Moselle, France will accelerate Europe's solar PV manufacturing capabilities and help ensure the ...

Sinovoltaics Releases 2025 Europe Solar ...
May 23, 2025 · Sinovoltaics unveils the 2025 Europe Solar Supply Chain Map, revealing new manufacturers and widespread factory closures. ...

French startup announces plans for 5GW PV module ...
May 16, 2023 · The aim of the project is to enhance Europe's manufacturing and energy security. Holosolis emphasised that with China currently responsible for 80% of the world's installed ...

EIT InnoEnergy's Holosolis launches largest solar PV gigafactory in Europe
May 22, 2023 · Holosolis ' new gigafactory in Moselle, France will accelerate Europe's solar PV manufacturing capabilities and help ensure the continent's energy security. It has almost 70% ...

Sinovoltaics updates solar module supply ...
May 23, 2025 · There are 125 factory sites listed in the Sinovoltaics Europe Solar Supply Chain Map for 1Q2025, which is available as a free ...

HoloSolis: A 5GW European Cell and Module Factory
Elise Bruhat from Holosolis introduced their ambitious project of establishing a 5-gigawatt solar panel factory in Eastern France. This initiative aims to reduce Europe's heavy reliance on ...

Holosolis secures over US$250 million for French module factory
Nov 18, 2025 · Holosolis has secured EUR220 million (US$255.2 million) to support its construction of a module factory in France with a total capacity of 5GW.

Manufacturing
Jun 7, 2023 · French industrial company Carbon plans the construction of a 5 GW PV cell and module factory in Southern France. Carbons's integrated gigafactory project for photovoltaic ...

Sinovoltaics Releases 2025 Europe Solar Supply Chain Map ...
May 23, 2025 · Sinovoltaics unveils the 2025 Europe Solar Supply Chain Map, revealing new manufacturers and widespread factory closures. Discover how transparency and verified ...

Home
2 days ago · The Reshoring Solar Manufacturing to Europe report, commissioned by SolarPower Europe and conducted by Fraunhofer ISE, quantifies the cost gap and lays out the policy

...

Solar: Top 10 Projects and Companies in Europe in 2025 and ...
1 day ago · Explore Europe's 2024 solar boom, with gigawatt-scale projects in Germany, Spain, and beyond driving a historic shift in the continent's energy landscape.

Belinus to build 5GW TOPCon manufacturing plants in ...
Mar 14, 2023 · Solar manufacturing projects have picked up in Europe since the EC released its Green Deal industrial plan in early February, with Exiom and Iberdrola teaming up to bring a ...

Sinovoltaics updates solar module supply chain map for Europe
May 23, 2025 · There are 125 factory sites listed in the Sinovoltaics Europe Solar Supply Chain Map for 1Q2025, which is available as a free download. It tracks sites producing PV modules, ...

Solar: Top 10 Projects and Companies in ...
1 day ago · Explore Europe's 2024 solar boom, with gigawatt-scale projects in Germany, Spain, and beyond driving a historic shift in the continent's ...

Belinus to build 5GW TOPCon manufacturing ...
