Energy Storage Power Supply Procurement in Ireland

Overview

Should 'long duration' electricity storage systems be integrated into Ireland's Electricity Grid?

In this regard, greater emphasis is placed on ensuring ‘long duration’ electricity storage systems – systems that have the capacity to deliver electricity throughout at least a four-hour period – are integrated into Ireland’s electricity grid.

What is Ireland's Electricity storage policy framework?

The policy framework is a first of kind policy, which clarifies the key role of electricity storage in Ireland’s transition to an electricity-led system, supporting Irelands 2030 climate targets, it may be considered as a steppingstone on Ireland’s path to net zero carbon emissions.

Is Ireland's energy sector undergoing a transformation?

Ireland’s energy sector is undergoing a crucial transformation, with EirGrid’s October 2025 consultation on the Long Duration Energy Storage (LDES) Procurement Mechanism marking an important milestone for storage developers and investors in this space.

What is Ireland doing about battery & storage?

With a recent policy statement, Ireland is seeking to accelerate the growth and integration of battery and other storage systems into Ireland’s electricity grid.

Energy Storage Power Supply Procurement in Ireland

Electricity Storage Policy Framework
Jul 4, 2024 · The Electricity Storage Policy Framework presents 10 government actions to support the role of electricity storage systems in Ireland's energy transition, identifying the key ...

Energy Storage Ireland
Nov 24, 2022 · By participating in the Irish day-ahead energy market, energy storage can reduce dayahead carbon emissions by 50% by using long-duration storage technologies. This makes ...

Battery storage to open new source of energy supply in ...
Oct 28, 2025 · Plans to allow energy storage businesses to trade electricity on the Irish market could help in cutting power costs, experts say. Developers have installed batteries in Ireland ...

EirGrid launches consultation on the Long Duration ...
Nov 3, 2025 · EirGrid launches consultation on the Long Duration Energy Storage Procurement Mechanism Ireland's energy sector is undergoing a crucial transformation, with EirGrid's ...

Irish energy industry calls for 500 MW of storage capacity by ...
Dec 3, 2025 · Irish grid operator EirGrid has set the proposed minimum procurement for long-duration energy storage (LDES) procurement at 201 MW, well below its initial 2030 goal of 500 ...

Ireland Powers Ahead: Energy Storage Procurement Unlocks ...
Oct 17, 2025 · By facilitating access to such a procurement mechanism, Ireland not only reinforces its energy security but leverages storage to reduce reliance on volatile imported ...

Ireland's electricity storage policy vital to clean energy drive
Sep 2, 2024 · With a recent policy statement, Ireland is seeking to accelerate the growth and integration of battery and other storage systems into Ireland's electricity grid. The policy will ...

Long Duration Energy Storage (LDES) Procurement ...
Oct 13, 2025 · The Electricity Storage Policy Framework (ESPF), published by the Department of Climate, Energy and Environment (DCEE) in July 2024, called for, under Action 6, the ...

The National Procurement Awards 2025
EirGrid, Ireland's transmission system operator, has unveiled its first consultation for long-duration energy storage (LDES), targeting a minimum of four hours and 201 MW of capacity by 2030. ...

Irish energy industry calls for 500 MW of storage capacity by ...

Dec 3, 2025 · Irish grid operator EirGrid set the proposed minimum procurement for long duration energy storage procurement at 201 MW, well below its initial 2030 goal of 500 MW of storage ...
