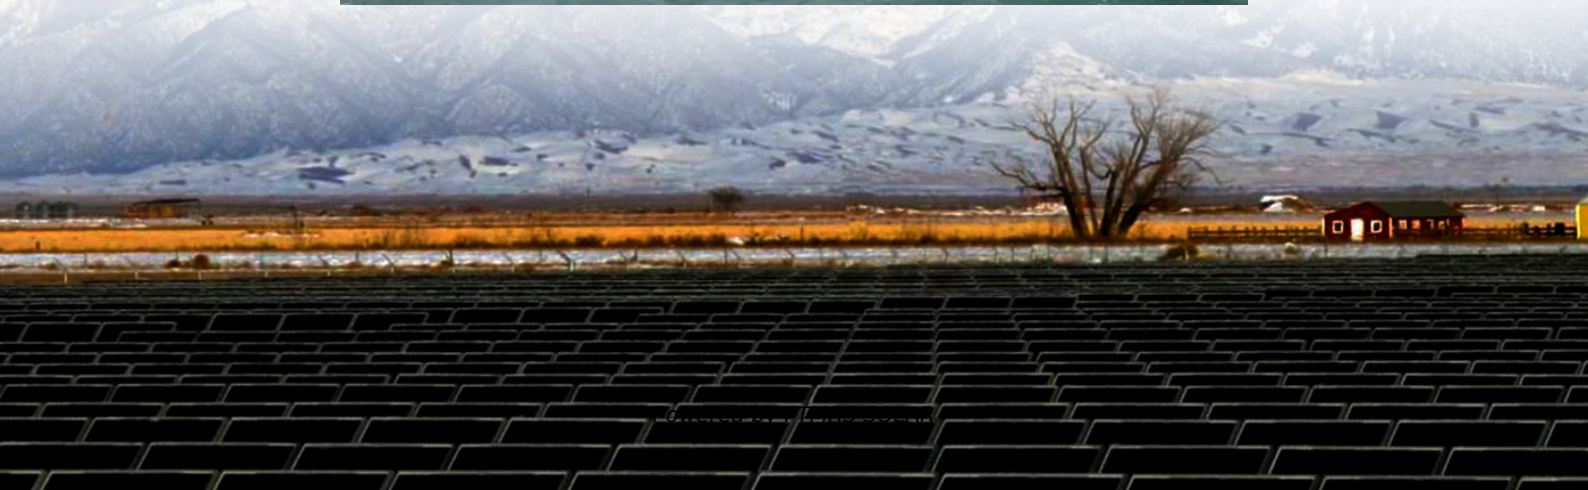
Free Consultation on Expandable Foldable Containers for Marine Use



Overview

What is seafold HC 40?

Compact Container Systems (CCS) has launched the SeaFold HC 40’ container, the world’s first five-in-one, foldable shipping container to improve operating inefficiencies, reduce unnecessary container movements, and dramatically reduce carbon emissions throughout the transportation and logistics supply chain.

When did foldable shipping containers come to light?

Business establishments and freight and transport operators got so used to rigid shipping box containers that foldable containers never came to light until about 2008. Imagine flat-packing your empty shipping containers and stacking them when not in use or during transportation.

What is a foldainer expandable container?

Aiga Concept’s Foldainer expandable containers represent a revolutionary advance in the modularity and efficiency of mobile structures. These innovative containers are designed to offer exceptional flexibility, with the ability to extend and retract according to the specific needs of each project.

Will the seafold 40 reduce the cost of repositioning containers?

With over 20 percent of all ISO containers returning to their port of origin empty, the SeaFold 40’ has the potential to cut the cost of repositioning containers by 56 percent, storage space by 80 percent, and carbon emissions by up to 70 percent.
