

# **10MW Southeast Asian solar-powered container for fire station**

## Overview

---

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

What is an eco power container?

For more details on our ECO Power Container, download our brochure here! This eco-powered container is suitable for facilities with temporary and portability requirements, or locations with no access to grid power, such as mobile site offices, emergency command/ medical centres, mobile cafes, charging stations, and events.
