

300wh power station in China in Senegal

Overview

Who are West African energy & Senelec?

West African Energy, a Senegalese energy and petroleum products company, and Société Nationale d'Electricité du Sénégal (Senelec), Senegal's national electricity company, are developing the project with an estimated investment of £284.2m (\$348.9m).

How much natural gas does Senegal use per year?

It is estimated to consume approximately 1,138,800 cubic metres (m³) of natural gas per year. The water required for steam production at the Cap des Biches combined cycle power plant will be sourced from the distribution network of SEN'EAU, a drinking water supplier in Senegal.

Where is the water used at the Cap des Biches power plant?

The water required for steam production at the Cap des Biches combined cycle power plant will be sourced from the distribution network of SEN'EAU, a drinking water supplier in Senegal. The electricity generated from the Cap des Biches gas-fired combined cycle power plant will be evacuated through a 90kV underground power transmission line.

Where is Cap des Biches power plant located?

The 300MW Cap des Biches combined cycle power plant is located in the Dakar region, Senegal. Image courtesy of General Electric. West African Energy and Société Nationale d'Electricité du Sénégal (Senelec) are developing the Cap des Biches combined cycle gas turbine (CCGT) power project. Image courtesy of Calik Energi.

300wh power station in China in Senegal

PowerChina International Secures Another Overseas Project: ...

Aug 5, 2025 · During the talks, witnessed by Tang Yuhua and Minister Diop, PowerChina International signed a cooperation agreement with Senegal's national utility Senelec for a ...

PowerChina International Secures Another ...

Aug 5, 2025 · During the talks, witnessed by Tang Yuhua and Minister Diop, PowerChina International signed a cooperation agreement with Senegal's ...

GE Signs Power Supply Contract for Senegal 300MW Power ...

Jan 29, 2021 · The company will provide natural gas power generation equipment for the Cap des Biches combined cycle power generation project. After the power plant is completed, it will ...

Cap des Biches Combined Cycle Power Plant

May 17, 2022 · The Cap des Biches project is a 300MW gas-fired combined cycle power plant under construction in the Dakar region of Senegal.

Senegal: New Solar Power Deals with China to Boost Energy ...

Jul 30, 2025 · In a significant leap towards energy independence, Senegal has entered into agreements with China for the construction of two large-scale solar power plants. Signed on ...

China, Senegal Deepen Renewable Energy Ties

May 4, 2025 · PowerChina expands renewable energy footprint in Senegal, showcasing solar, wind, and hydro solutions at Dakar expo to boost West African clean energy infrastructure.

Cap des Biches Combined Cycle Power Plant

May 17, 2022 · The Cap des Biches project is a 300MW gas-fired combined cycle power plant under construction in the Dakar region of Senegal.

Senegal: Chinese Investors Eye Energy Sector Opportunities

Jun 14, 2024 · A recent visit from the Sino-African Chamber of Commerce in Yiwu to Dakar signals growing Chinese interest in Senegal as an investment destination, with a focus on ...

GE Signs Power Supply Contract for Senegal ...

Jan 29, 2021 · The company will provide natural gas power generation equipment for the Cap des Biches combined cycle power generation ...

Meed , Acwa Power to develop 300MW solar plant in Senegal

Oct 9, 2025 · Saudi Arabia's Acwa Power has reached an agreement with Senegal for the development, financing, construction and operation of a 300MW solar photovoltaic (PV) plant ...

China Customized 300wh Portable Power ...

Nov 26, 2025 · The 300wh Portable Power Station is a high-capacity portable battery pack designed to meet a variety of power needs. With a Lithium ...

Acwa Power to develop 300MW solar plant in Senegal

Oct 13, 2025 · Saudi Arabia's Acwa Power has reached an agreement with Senegal for the development, financing, construction and operation of a 300MW solar photovoltaic (PV) plant ...

Senegal's new 300MW power plant nears completion, with ...

Jun 10, 2024 · Informed sources have told African Energy that West African Energy's gas-to-power plant is expected to be commissioned around the turn of the year, but questions remain ...

China, Senegal Deepen Renewable Energy Ties

May 4, 2025 · PowerChina expands renewable energy footprint in Senegal, showcasing solar, wind, and hydro solutions at Dakar expo to boost West ...

China Customized 300wh Portable Power Station ...

Nov 26, 2025 · The 300wh Portable Power Station is a high-capacity portable battery pack designed to meet a variety of power needs. With a Lithium Battery and a battery level of ...

Senegal's new 300MW power plant nears ...

Jun 10, 2024 · Informed sources have told African Energy that West African Energy's gas-to-power plant is expected to be commissioned around the ...
