

# **32 energy storage projects in Surabaya Indonesia**

## Overview

---

Is Surabaya a pilot city for energy transition in Indonesia?

Surabaya, Indonesia Sentinel — Surabaya, the capital of East Java, has been selected as a pilot city for energy transition and efficiency efforts in Indonesia. The city officially launched its building sector decarbonization program on April 16, 2025, under the Sustainable Energy Transition in Indonesia (SETI) initiative.

Does Surabaya have a power plant?

Surabaya also has the Benowo Waste Power Plant (PSEL), which is the first of its kind in Indonesia. Irvan said that successful energy efficiency requires collaboration from all parties.

Why was Surabaya chosen as a transition energy model city?

Surabaya was chosen for transition energy model city considering its considerable energy-saving potential, existing green building certification framework, rapidly growing construction sector, and the capacity of local stakeholders to manage energy transition projects.

Will Indonesia build a battery energy storage system by 2022?

The agreement was made with other state-owned bodies, such as the Indonesian Battery Corporation, to build the Battery Energy Storage System by 2022. However, no information has yet been revealed about the Battery Energy Storage System's location or specific functions.

## 32 energy storage projects in Surabaya Indonesia

---

### 32 energy storage projects in Surabaya Indonesia

The energy sector in Indonesia Indonesia has been the fourthfastest growing large economy- in the worldover the past 50 years, with major implications for its energy sector and emissions. In ...

---

### Mapping Growth Opportunities for Solar ...

Oct 16, 2024 · Accelerating the energy transition is important to bring Indonesia into this circle. Zainal Arifin, EVP of Renewable Energy, PT ...

---

### Indonesia Surabaya Power Storage Project Bidding ...

Summary: As Surabaya accelerates its transition to sustainable energy, the city's power storage project bidding offers critical opportunities for global suppliers. This article explores market ...

---

### Indonesia Surabaya New Energy Storage

The Surabaya Energy Storage Project& #32;is part of the Sustainable Energy Transition in Indonesia (SETI)& #32;initiative,& #32;which aims to decarbonize the building sector in ...

---

### 32 energy storage projects in Indonesian power grid

Why is battery energy storage system important in Indonesia? However, given the challenge of Indonesia's geological landscape, with many off-grid and remote areas, there is growing ...

---

### Indonesia's Energy Transition: Key steps in ...

Oct 17, 2024 · Jakarta--A report by the Institute for Essential Services Reform (IESR) highlights that policies that encourage the growth of ESS ...
