

350kW Foldable Container for Sports Venues

Overview

How much space does an empty folding container save?

As an empty folding container can save a volume of up to 80 percent compared to an upright container, a maximum of five times as many empty folded containers can be stored on the same floor space than would be possible with rigid containers.

What is a foldable box?

Our foldable boxes are designed to enhance logistics in various industries. They are a go-to solution for sectors that require space-saving, reusable packaging, including: → Retail and consumer goods: Ideal for moving products from manufacturers to warehouses and stores.

Why should you choose a folding container?

Contact us! Folding containers can give up to an 80% saving in volume and are available in standard footprints and heights. Lid and closure options are also available.

What are the different types of folding boxes?

Standard folding boxes: Cost-efficient, reusable boxes ideal for reducing logistics costs and improving storage efficiency. Custom folding boxes: Fully customizable to meet specific operational requirements for different industries and applications. Start your custom project
