

All in one solar power system in Canberra

Overview

How many solar systems are installed in Canberra?

With over 10,000 solar systems installed in the Canberra region, Solarhub have a wealth of experience and understand the local climate and sun hours better than anyone.

Is Canberra a good place to install solar panels?

Canberra averages around 2,600 sunshine hours every year (Source: Bureau of Meteorology), making it perfect for solar power. Rising energy costs mean solar panels help you lock in your own savings. Meta Electrical is your local Clean Energy Council Accredited Installer. We help you cut your bills and keep your energy local.

Why should you go solar in Canberra?

Going solar in Canberra is one of the smartest ways to cut your power bills and protect yourself from rising energy costs. With plenty of sun and generous rebates, Canberra solar systems pay for themselves fast and keep saving you money for years.
