

# Arc flash switchgear for sale in Brunei

## Overview

---

What arc flash mitigation solutions are available?

Improve safety with our extensive portfolio of arc flash mitigation solutions including arc quenching and arc-resistant switchgear, Power Xpert XGIS switchgear, Power Xpert Dashboard, Power Defense molded case circuit breaker, Insulgard, arc flash relays and more.

What is an arc flash?

An arc flash is an electrical accident that creates a high-temperature explosion. It can vaporize surrounding metal, set fires, and result in severe burns. Although rare, arc flashes can have grave consequences so you need to ensure your people and site are always protected.

Can a relay and breaker be used to clear an arc flash?

Relay and breaker settings can often be optimized to trip quickly to clear an arc flash event but also maintain coordination. When coordination cannot be maintained to achieve desired arc flash results, a maintenance switch can be added.

What is arc quenching Magnum DS switchgear?

The arc quenching Magnum DS switchgear detects and extinguishes an arc flash in less than 4 ms to dramatically reduce incident energy. It reacts 10x faster than systems that rely solely on circuit breakers to clear an arc fault, including maintenance switches, ZSI, bus differential relaying and arc detection relays.

## Arc flash switchgear for sale in Brunei

---

### High Voltage Switchgear Manufacturer

By choosing Langsung Electric's arc flash protection high voltage switchgear, you're investing in a product that offers superior safety, reliability, and performance. Our switchgear is designed to ...
