

Arc flash switchgear for sale in Melbourne

Overview

Are Lv switchboards safe for arc flash faults?

We identified safety hazards for HV and LV switchboards for arc flash faults and suggested appropriate action. For an industrial client, we performed arc flash assessments for five different sites using a modeling tool to simulate arc flash fault, accounting for planned upgrades and existing equipment.

What is arc flash protection?

Arc flash protection detects electrical arcs in MV and LV equipment and quickly isolates power to limit arc energy and minimize risks.
