

Bahamas office building solar curtain wall manufacturer

Overview

Who is Bahamas solar?

At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations. Serving all The Bahamas, from Nassau to the out islands. We offer customized solutions tailored to your specific needs. The first step to going solar is a site assessment.

What is a solar curtain?

The Solar Curtain utilizes flexible Organic Photovoltaic (OPV) panels as dynamic shading elements, functioning either externally or internally on building facades. While enhancing the visual appeal of glazed surfaces, these curtains simultaneously generate clean energy and regulate indoor environments.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

How long does a Bahama solar installation take?

Bahama Solar installs: Solar installation is the fun part, our customers get to see the whole system come together. Installation timelines range from one to five days. Installation Steps Monitoring insures your solar panels are working properly by tracking the output of your solar system.

Bahamas office building solar curtain wall manufacturer

Photovoltaic curtain wall glass office building
