

# Battery Energy Storage in Cyprus

## Overview

---

Does Cyprus have a battery energy storage system?

Cyprus's electricity regulator has approved plans to install 400MWh of battery energy storage system (BESS) projects in the Mediterranean island country. Cyprus Energy Regulatory Authority (CERA) announced the approval earlier this week (18 June) of three projects which will be owned and operated by the Cyprus Transmission System Operator (TSOC).

Will Cyprus install 400MWh battery energy storage system?

Image: Cyprus government / MECI. Cyprus's electricity regulator has approved plans to install 400MWh of battery energy storage system (BESS) projects in the Mediterranean island country.

How is Cyprus developing pumped hydro energy storage capacity?

The country is also seeking to develop pumped hydro energy storage (PHES) capacity with technical assistance from the European Commission (EC) and is formulating a National Hydrogen Strategy. Cyprus's electricity regulator has approved plans to install 400MWh of battery energy storage system (BESS) projects.

Is Cyprus facing a unique set of energy challenges?

In a keynote address to open a conference on energy storage and hydrogen in March, George Papanastasiou of the Ministry of Energy, Commerce and Industry (MECI) noted that Cyprus faces a "unique set of energy challenges, which require tailored solutions."

## Battery Energy Storage in Cyprus

---

Cyprus green-lights major solar park with ...

Feb 13, 2025 · The Department of Environment has advanced plans for a 180-megawatt solar park with 80MWh battery storage capacity to its next ...

---

Cyprus approves 120MW battery storage system

Jun 20, 2025 · The energy regulator has approved a significant battery storage system totalling 120MW across three locations to enhance grid stability and security, marking a crucial step for ...

---

Cypriot utility aims to add 400 MWh of ...

Dec 20, 2024 · Cyprus state-owned utility, the Electricity Authority of Cyprus, is looking to add 400 MWh of battery storage capacity, however local ...

---

Grid Export Reduction Based on Time-Scheduled Charging ...

Dec 8, 2020 · This paper presents a modified operational mode of a grid-connected hybrid PV and battery energy storage system (BESS) in Cyprus. The BESS is coupled with residential rooftop ...
