

# Battery pack related equipment

## Overview

---

What is the main business of a battery pack assembly company?

The main business is to provide solutions for the lithium battery pack assembly production line, include: battery insulation paper sticking machine, battery cell sorting machine, battery spot welding machine, battery test equipment, battery PCM tester, battery BSM tester.

What are battery packs?

Battery packs are constructed from two or more individual cells or batteries. There are two basic types of battery packs: primary and secondary or rechargeable. Primary batteries are disposable, non-rechargeable devices. They must be replaced once their energy supply is depleted.

What are the different types of battery packs?

There are two basic types of battery packs: primary and secondary or rechargeable. Primary batteries are disposable, non-rechargeable devices. They must be replaced once their energy supply is depleted. Secondary or rechargeable batteries contain active materials that can be regenerated.

Where can I make a battery pack?

BatterySpace provides provides full set of desk-top equipments and accessories for making battery packs by yourselves. We have a demo laboratory in California to train you how to make battery pack prior purchase.

## Battery pack related equipment

---

Leading Battery Equipment Manufacturer in China , TERTRON

TERTRON provides high-quality battery production equipment, covering assembly, testing, and automation solutions for industries like EVs, solar energy, and 3C products.

---

Lithium ion Battery Pack Equipment

Lithium ion battery pack equipment for small electric tool battery, e-bike battery pack, EV battery factory, we supply cylindrical battery pack manufacturing machine, include insulator paper ...
