

# **Bifacial Solar Panel Company**

## Overview

---

Bifacial Solar industry leaders include LONGi (China), Trinasolar (China), Canadian Solar (Canada), JA SOLAR Technology Co., Ltd. (China), and SHARP CORPORATION (Japan). Are bifacial solar panels available in the UK?

Currently, a handful of manufacturers offer bifacial solar panels in the UK. Below are the available models, all of which are monocrystalline. As time goes by, we're sure to see more manufacturers release their own bifacial solar panels.

What is a bifacial solar panel?

A bifacial solar panel is a type of solar panel that can collect energy from both sides – the front side and the rear side. A normal monofacial panel, on the other hand, can only collect energy from one side.

How many bifacial panel manufacturers are there?

There are 344 bifacial panel manufacturing companies listed below in the 'Bifacial -- Solar Panel Manufacturers - High Efficiency Crystalline' title.

Are bifacial solar panels the future of solar energy?

Bifacial solar panels, which can collect energy from both the front side and the rear side, are possibly moving more seriously into play now due to cost drops and efficiency improvements. A bifacial solar panel is a solar panel that can collect energy from both sides, while a normal monofacial panel can only collect energy from one side.
