

British solar street light 100W manufacturer

Overview

Founded in 2015, Solar Vision have become the UK's leading company for providing reliable green energy solutions for external solar street lighting and CCTV. What are solar powered street lighting systems?

Our solar powered street lighting systems are ideal for a wide variety of applications, from solar road lighting to public parks and pathways. As a trusted solar street light manufacturer, we deliver robust and sustainable off-grid street lighting solutions tailored to your needs.

Where can I buy LED street lights in the UK?

In addition to standard LED Street Lighting, Bri-Tek Technologies is also the UK's largest supplier in LED Solar Streetlights. Our Solar Street Lights provide LED lighting using solar panels, which provides a green footprint for many requiring a reduction in carbon saving.

Where can I use solar street lighting in the UK?

With the largest selection of solar street, car park and general area lighting systems in the UK, we have lighting for all applications. Typical applications include streets, roadways, car parks, general outdoor areas, playgrounds, storage yards, footpaths, multi use games areas (MUGA), BMX pump tracks, horse riding arenas and such like.

What is a solar LED street light?

Each solar LED street light combines advanced technology with long-lasting performance, helping you reduce carbon emissions and operational costs. Discover our innovative solar lighting products for commercial solar lighting projects across the UK and Ireland.
