

# Can the outdoor communication battery cabinet in Gaborone be placed on the floor

## Overview

---

Dimension: 2100900900mm, cabinet (HWD) with various installation ways available, including wall hanging and floor mounting. How to choose the power supply system of outdoor Telecom cabinet?

The power supply system of outdoor telecom cabinet is installed in the field environment, and the installation and maintenance conditions are complex. The feasibility and convenience of installation and maintenance operations, and the personal safety of operators should be considered in the design.

What is an outdoor Telecom cabinet system?

The Outdoor Telecom Cabinet system includes rectifier modules, monitoring unit, power distribution units, battery packs, temperature control and other equipment, they are installed in an all in one outdoor cabinet. The all in one outdoor cabinet is divided into an equipment compartment, a battery compartment, and a wiring channel.

How to cool outdoor Telecom cabinet system?

The enclosure protection level of the battery compartment is required to reach IP44. The cooling methods of the Outdoor Telecom Cabinet system include: natural cooling, fan cooling, heat exchanger cooling, and air conditioning cooling.

What is the best material for a battery cabinet?

**Durable Materials:** Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity. **Robust Ratings:** Available in IP55, IP65, NEMA 3R, NEMA 4, and NEMA 4X ratings, perfect for outdoor electrical, telecom, and battery cabinet applications.
