

# **Capacity of cabinet-type solar container energy storage system in Croatia**

## Overview

---

Can Croatia become a regional leader in battery energy storage?

The participants agreed that Croatia has the potential to become a regional leader in the integration of renewable sources and battery energy storage, but this requires a rapid modernization of the transmission and distribution network, as well as legislative adjustments.

What is solar flex Croatia 2025?

Solar Flex Croatia 2025 conference, organized by Renewable Energy Sources of Croatia (RES Croatia) in collaboration with SolarPower Europe and the European Commission as a general partner, emphasized the key role that investments in power system flexibility and battery system development play in Croatia's successful energy transition.

Is solar energy the most affordable energy source in Europe?

Walburga Hemetsberger, CEO of SolarPower Europe, stated that solar energy currently represents the most affordable energy source in Europe, but its further growth requires development of flexible infrastructure and a significant increase in storage capacity.
