

Chile 5G solar container communication station battery solar container energy storage system construction project

Overview

Where are Chile's battery energy storage facilities located?

Chile's first battery energy storage projects were commissioned in 2009, and all but two of its 16 administrative regions have facilities in operation, under construction or in the planning stage. The greatest installed capacity is found in the northern regions of Antofagasta and Tarapacá, the country's solar powerhouses.

Why is Chile pursuing energy storage in Antofagasta?

Chilean president Gabriel Boric (centre) at the inauguration of an energy storage plant in the northern region of Antofagasta in April 2024. Chile has strong conditions for wind and solar energy, and is pursuing storage to help overcome intermittent supply (Image: Ximena Navarro / Dirección de Prensa, Presidencia de la República de Chile).

Which Chinese companies are building a solar power plant in Chile?

Chinese companies have in recent years built, or announced plans to build, Chile's longest power line, solar plants and wind farms, while in battery storage, solar giant Trina has launched three projects in the country. John Bartlett is a British journalist based in Santiago, Chile, covering economics, politics and culture.

Does DNV support a Bess project in Chile?

In related standalone BESS news, assurance provider and energy expert company DNV has supported renewables developer Atlas Renewable Energy to secure US\$289 million in financing for a standalone 800MWh BESS project in Chile.

Chile 5G solar container communication station battery solar contain

Chile Focuses on Solar and Storage as ...

Jul 1, 2025 · Chile is rapidly moving to build more power generation capacity, with much of that effort focused on renewable energy resources and ...

CIP starts construction on 1.1GWh standalone BESS in Chile

Oct 8, 2024 · In related standalone BESS Chilean news, DNV provided support to Atlas Renewable Energy's 800MWh project in Antofagasta. Image: Atlas Renewable Energy ...

METLEN Powers Chile: Solar Power and Energy Storage Growth

Mar 5, 2025 · The project totals 190.5 MWp of solar energy and 2,500 MWh of battery energy storage system capacity. It will help expand solar power capacity, improve grid reliability, ...

Chile Focuses on Solar and Storage as Generation Capacity ...

Jul 1, 2025 · Chile is rapidly moving to build more power generation capacity, with much of that effort focused on renewable energy resources and battery energy storage systems (BESS).

METLEN Powers Chile: Solar Power and ...

Mar 5, 2025 · The project totals 190.5 MWp of solar energy and 2,500 MWh of battery energy storage system capacity. It will help expand solar power ...

Chile inaugurates its largest standalone battery energy storage project

Apr 29, 2025 · Chile Energy Minister Diego Pardow was present at the inauguration of the 200 MW/800 MWh BESS del Desierto, a project its developers describe as the first large-scale ...

Chile moves on storage to 'decarbonize the night'

Sep 4, 2025 · Solar and energy storage deployment is booming in Chile, spurred on by supportive government policy that has been markedly stable for 15 years. Indeed, the nation leads Latin ...

Chile Energy Storage Project Tender Announcement: What ...

Dec 3, 2024 · If you're in the energy storage game, Chile's 2025 tender announcement is like spotting a rare bird in the Atacama Desert--exciting and packed with potential. With a \$33 ...

Chile inaugurates its largest standalone ...

Apr 29, 2025 · Chile Energy Minister Diego Pardow was present at the inauguration of the 200 MW/800 MWh BESS del Desierto, a project its ...

CIP begins construction of energy storage project in Chile

Oct 7, 2024 · The CIP energy storage project The Arena BESS project will be one of the first large-scale energy storage facilities in the country. It will be located in the Antofagasta region, ...

Energy storage is a challenge and an opportunity for Chile

Aug 15, 2024 · Chilean president Gabriel Boric (centre) at the inauguration of an energy storage plant in the northern region ...

Chile approves 360 MWh battery system for co-located project

Aug 11, 2025 · The facility will combine 41 MW of solar PV with a 360 MWh battery energy storage system (BESS) and represents a planned investment of USD 40 million. The plant is ...

CIP begins construction of energy storage ...

Oct 7, 2024 · The CIP energy storage project The Arena BESS project will be one of the first large-scale energy storage facilities in the country. It will be ...

Energy storage is a challenge and an opportunity for Chile

Aug 15, 2024 · Chilean president Gabriel Boric (centre) at the inauguration of an energy storage plant in the northern region of Antofagasta in April 2024. Chile has strong conditions for wind ...

Canadian Solar's e-STORAGE Secures Contract for 98 MW Battery Energy

Oct 3, 2024 · Canadian Solar Inc.'s subsidiary, e-STORAGE, has secured a turnkey EPC contract to supply a 98 MW/312 MWh DC Battery Energy Storage System (BESS) for the Huatacondo ...
