

# **Columbia rooftop solar energy storage**

## Overview

---

Will Columbia University support a new solar energy and battery storage project?

Columbia will act as anchor tenant for the new project, which will harness the power of both solar energy and battery storage to reduce emissions and promote a cleaner environment. Columbia University has pledged its support for a new solar energy and battery storage project in Croton-on-Hudson.

Will Columbia University support a new solar energy project in Croton-on-Hudson?

Columbia University has pledged its support for a new solar energy and battery storage project in Croton-on-Hudson. Leading renewable energy company Sol Systems will serve as the project developer, construction manager, and asset manager while Columbia will act as anchor tenant.

Will Columbia buy solar energy from ConEdison?

Columbia's support comes in the form of its commitment to buy solar energy from the project through ConEdison over the next two decades. One benefit of this is discounted utility bills utilizing community solar credits through the NY-Sun community distributed generation (CDG) program.
