

Companies installing energy storage batteries in Latvia

Overview

Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

Why do we need a battery system in Latvia?

The battery system is an essential infrastructure element for the security and stability of Latvia's energy supply. The batteries will work as modern accumulators for storing large volumes of energy, which will be important for ensuring energy balance once the Latvian electricity supply grid works in sync with the European grid.”.

Will Latvenergo become Baltic leader in battery energy storage systems?

Energy company Latvenergo said February 18 it is investing heavily in battery systems with the stated intention of becoming the the Baltic market leader in battery energy storage systems (BESS).

Why are battery systems important for Latvenergo?

Battery systems play a crucial role in balancing the production volumes of Latvenergo and improving the flexibility of consumption. Chief Financial Officer of Latvenergo Guntars Baļčūns: “This investment in battery systems is an important step in the development of our energy sector and long-term sustainability.

Companies installing energy storage batteries in Latvia

Latvenergo Accelerates Energy Storage with 250 MW Target ...

Feb 25, 2025 · Latvenergo, Latvia's leading energy company, plans to install 250 megawatts (MW) of energy storage capacity by 2030. This ambitious target is part of a broader strategy to ...

Latvia's largest battery energy storage system ...

Nov 1, 2024 · The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a ...

Latvenergo plans 250 MW of energy storage by 2030

Feb 24, 2025 · Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 MW/500 MWh of battery energy storage capacity ...

Europe's most powerful battery energy storage systems to be installed

2 days ago · Latvian transmission system operator Augstsprieguma tīkls AS (AST) and German company Rolls ...

Solar System Installers in Latvia , PV Companies List , ENF Company

List of Latvian solar panel installers - showing companies in Latvia that undertake solar panel installation, including rooftop and standalone solar systems.

Latvia's path to energy transition: Expanding renewable energy ...

Jun 19, 2025 · Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments planned in wind, solar, biomass, and ...

Latvenergo positive about Baltics' battery-powered future

Feb 18, 2025 · Energy company Latvenergo said February 18 it is investing heavily in battery systems with the stated intention of becoming the the Baltic market leader in battery energy ...

Latvenergo invests in plans to become the ...

Feb 21, 2025 · Latvenergo, a state-owned energy company based in Latvia, plans are to expand its generation portfolio with the development of ...

Top 10: Energy Storage Companies , Energy ...

May 8, 2024 · In this week's Top 10, Energy Digital takes a deep dive into energy storage and profile the world's leading companies in this space ...

Latvian Advantage Energy Storage Systems Company

Energy storage systems are an essential element of Latvia's path towards a sustainable and

energy-independent future. The importance of these technologies is being recognized and ...

Large-scale batteries progress ahead of Baltic ...

Nov 20, 2023 · Large battery storage projects in Estonia and Latvia have moved forward as the Baltic energy system prepares to decouple from ...

Europe's most powerful battery energy storage systems to ...

2 days ago · Latvian transmission system operator Augstsprieguma tīkls AS (AST) and German company Rolls-Royce Solutions GmbH (Rolls-Royce) have started cooperation on the ...

energy storage companies latvia

The Latvian transmission system operator Augstsprieguma tīkls (AST) signed a contract for the supply and installation of the battery energy storage system (BESS) in substations in Tume ...

Latvenergo positive about Baltics' battery-powered future

Feb 18, 2025 · The plan is to invest in battery energy storage system technology by installing 250 MW of power with a capacity of 500 MWh by 2030. The first BESS projects are being ...

Rolls-Royce and Latvia TSO to deploy ...

Feb 21, 2024 · The TSO of Latvia has selected Rolls-Royce Solutions for two battery storage projects totalling 80MW of power and 160MWh of capacity.

Latvenergo plans 250 MW of energy storage ...

Feb 24, 2025 · Latvian state-owned utility Latvenergo AS has decided to invest in a new business area in its portfolio with plans to install 250 ...

Latvia's path to energy transition: Expanding ...

Jun 19, 2025 · Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments ...

Latvia: Latvenergo to deploy 250MW/500MWh BESS by 2030

Feb 24, 2025 · A solar PV plant in Latvia that Latvenergo deployed via subsidiary Elektrum. Image: Latvenergo. Latvia state-owned utility and power generation firm Latvenergo intends to ...

Latvenergo Accelerates Energy Storage with ...

Feb 25, 2025 · Latvenergo, Latvia's leading energy company, plans to install 250 megawatts (MW) of energy storage capacity by 2030. This ambitious ...

Latvia's largest battery energy storage system unveiled

Nov 1, 2024 · The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The ...

Large-scale battery storage for a stable ...

Mar 1, 2024 · Rolls-Royce has received an order from the Latvian transmission system

operator Augstsprieguma tikls (AST) to supply a ...

28 Top Energy Companies in Latvia · December 2025 , F6S

Dec 1, 2025 · Detailed info and reviews on 28 top Energy companies and startups in Latvia in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

Batteries , AST

Sep 24, 2024 · An energy storage battery is equipment comprised of several energy storage batteries are intend for discharging and charging electricity within the grid, in order to ensure ...

Latvenergo invests heavily in battery systems, plans to ...

Feb 18, 2025 · The plans of the Group to invest in battery energy storage system technology by installing 250 MW of power with a capacity of 500 MWh by 2030 is an affirmation of the ...

Latvia adds big batteries to complete grid sync with Europe, ...

Oct 30, 2025 · The addition of two utility-scale battery energy storage systems (BESS) in Latvia marks the final milestone in synchronizing the Baltic power grids with continental Europe, ...
