

# Energy storage power station under construction in Sydney Australia

## Overview

---

Where will Ausgrid's battery energy storage systems be located?

New South Wales electricity distributor Ausgrid is proposing two, 200 MW / 400 MWh battery energy storage systems to be located in the north coast regional city of Newcastle, and Sydney suburb of Homebush.

Who approved acenergy's battery energy storage system in Australia?

The NSW Independent Planning Commission has approved ACEnergy's 250MW/1,100MWh Yanco battery energy storage system in Australia.

Where is acenergy's battery energy storage system located?

Image: Leeton Shire Council. The New South Wales (NSW) Independent Planning Commission has approved ACEnergy's 250MW/1,100MWh Yanco battery energy storage system (BESS) in Australia. The project, designated as a State Significant Development, will be located 5km south of Leeton, around 500km west of the state capital, Sydney.

Is Ausgrid proposing a battery energy storage system?

Sydney-headquartered distribution network service provider (DNSP) Ausgrid is proposing two, battery energy storage systems (BESS), both in Newcastle and Sydney, New South Wales (NSW), both well in excess of \$30 million (USD 19.7 million) given their state significant development (SSD) classification.
