

Fiji Energy Storage Solar Power Company

Overview

Who is solar Fiji?

Solar Fiji is a leading solar company in Fiji, dedicated to providing cutting-edge solar and battery power solutions across the South Pacific. Our expertise lies in designing, supplying, and installing reliable energy systems that deliver lasting value for homes, businesses, and communities.

Why do we need solar power in Fiji?

By harnessing the abundant Fijian sunshine, we aim to power our pristine Fijian paradise with clean renewable solar energy for generations to come, thereby reducing Fiji's reliance on expensive and polluting diesel generation for electricity.

What is EPC solar doing in Fiji?

Indigenous-owned EPC Solar said the projects are part of a pipeline of more than 40 potential installation sites in Fiji which is targeting 100% renewable energy by 2036. The company also plans to expand its operations into New Zealand and then other Pacific nations – islands it says will bear the brunt of climate change and rising sea levels.

Is solar Fiji a good company?

The technician (Pita) was professional when he came to install our solar system. The system is good. Products are good and quality. Installation team did a good job. I am happy with the solar system. Company is good and original. Customer service very good. Installation team did good job. I am happy with the solar system provided by Solar Fiji.
