

Home inverter system for sale in Canberra

Overview

Does solarhub Canberra offer a complete solar and battery system?

I recently had a complete solar and battery system installed by SolarHub Canberra (20.68kW solar capacity, 48kWh SigenStore battery stack, 30kW Sigenenergy inverter with full-home backup) and couldn't be happier with the experience. Tom Steer, the sales manager, was.

Is Canberra a good place to install solar?

The ACT is one of the best regions to install solar, thanks to all the fantastic rebates the State Government has on offer. Read on to see what specials we have on offer, specifically designed for our Canberra customers. Start saving with this 6.6kW iStore Solar & Battery Bundle and add-on other iStore products to boost your savings even further!.

What is a solar rebate in Canberra?

This program helps Canberra's pensioners and veterans install energy efficient products in their home, such as solar PV systems, air conditioners and hot water heat pumps. Eligible homeowners can receive a \$2,500 rebate after a solar installation, as well as another \$2,500 rebate after a hot water heat pump or air conditioner installation.

What is a solar inverter?

What is an inverter?

An inverter is an electronic device that converts the DC power generated by the solar panels into AC power at the correct voltage for supply to the grid. It also provides equipment protection and safety features. What is the National Electricity Grid?
