

How to buy base station power equipment

Overview

What are used base stations?

Used base stations are the key revenue generating tool for your wireless network. Worldwide Supply offers a variety of OEM branded used wireless base stations to fit your unique network configuration.

Where can I buy used wireless base stations?

Worldwide Supply offers a variety of OEM branded used wireless base stations to fit your unique network configuration. As you expand into new markets and adopt newer technologies, turn to Worldwide Supply to sell your wireless base stations and generate a maximum return. We work hard to be your best location to buy wireless base stations.

Should you buy or sell a base transceiver station?

For savings of up to 70% off original OEM pricing, buy used base transceiver stations and build out the right support for your base station controller. When you're ready to expand beyond current network and displace existing technologies, sell your used transceiver station as a way to shore up investment in top-line RBS and eNB.

Who makes power station auxiliary equipment & pressure vessels?

It is China's largest professional manufacturer and solution provider of power station auxiliary equipment and pressure vessels, having successively introduced advanced technologies from Foster Wheeler, Syney, Sterling, Stork, and Siemens.
