

Huawei ASEAN Mobile Power Storage Vehicle

Overview

Why is Huawei reshaping the future of Energy Innovation?

By leveraging Huawei's cutting-edge digital power technologies and Keppel's expertise in energy management, we are not only meeting the growing demand for renewable energy to support Singapore's global leading position in green development - we are reshaping the future of energy innovation.

How will Huawei & Keppel work together?

Through this partnership, we will harness Huawei's digital power technologies and Keppel's deep expertise in energy infrastructure to enhance the reliability and seamless integration of renewables with state-of-the-art energy storage.

How will Huawei & Keppel collaborate on a demand response programme?

As well, in Singapore, both parties are collaborating on a demand response programme using a BESS developed at Keppel Infrastructure @ Changi. The BESS will allow Huawei and Keppel to further explore novel smart operations and maintenance solutions to enhance the reliability, performance and efficiency of renewable energy assets.

Why is Keppel partnering with Huawei in Singapore?

In Singapore, Keppel and Huawei are collaborating on a demand response initiative featuring a BESS developed at Keppel Infrastructure @ Changi. The move will enable the two companies to further explore smart operations and maintenance solutions to enhance the performance, reliability and efficiency of renewable assets.

Huawei ASEAN Mobile Power Storage Vehicle

Huawei, Keppel sign MoU on solar and battery storage for ...

May 15, 2025 · Huawei and Keppel have signed a Memorandum of Understanding (MoU) to develop solar and battery energy storage system (BESS) projects for the data center and ...

Huawei partners Keppel to drive renewables ...

May 20, 2025 · Through this partnership, we will harness Huawei's digital power technologies and Keppel's deep expertise in energy infrastructure ...

Huawei Digital Power Introduces New FusionCharge Liquid-cooled Power

Jul 5, 2024 · Announced during ASEAN Sustainable Energy Week (ASEW) 2024, this cutting-edge technology enables ultra-fast charging and energy storage solutions, with the first wave ...

Keppel, Huawei to jointly develop renewable ...

May 13, 2025 · Keppel's Infrastructure Division signed a non-binding memorandum of understanding with Huawei International to co-develop ...

Huawei Digital Power Helps ASEAN Achieve Zero-Carbon ...

Oct 17, 2025 · Moving forward, Huawei Digital Power will double down on its investment in research and development, and deepen cooperation with local partners to jointly promote the ...

ASEAN Centre for Energy and Huawei Sign MoU to Advance Renewable Energy

Dec 4, 2025 · The partnership includes joint research, technical workshops, and capacity-building programmes to accelerate renewable energy adoption. ACE and Huawei will also work on a ...

Keppel, Huawei to jointly develop renewable energy solutions

May 13, 2025 · Keppel's Infrastructure Division signed a non-binding memorandum of understanding with Huawei International to co-develop renewable energy solutions, focusing ...

Huawei partners Keppel to drive renewables solutions across ASEAN

May 20, 2025 · Through this partnership, we will harness Huawei's digital power technologies and Keppel's deep expertise in energy infrastructure to enhance the reliability and seamless ...

Huawei Digital Power and ASEAN Centre for Energy (ACE) ...

Sep 25, 2024 · Photo 1. (left-right) Launching Group Photo of ACE & Huawei, Syahira Syahputri, Business Development Officer at ACE; Dr Andy Tirta, Head of Corporate Affairs at ACE and ...

Huawei Digital Power and ASEAN Centre for ...

Sep 25, 2024 · Photo 1. (left-right) Launching Group Photo of ACE & Huawei, Syahira

Syahputri, Business Development Officer at ACE; Dr Andy Tirta, ...

Huawei ASEAN Large Mobile Energy Storage Vehicle

The ASEAN Centre for Energy (ACE) and Huawei have further strengthened their strategic partnership during SNEC 2025, the world's leading exhibition for solar and energy storage.

How Huawei Digital Power is Driving Zero-Carbon Transformation in ASEAN

Discover how Huawei Digital Power is facilitating a zero-carbon transition in ASEAN by implementing cutting-edge grid-forming technologies showcased at AEBF-25.

Huawei Digital Power Introduces New ...

Jul 5, 2024 · Announced during ASEAN Sustainable Energy Week (ASEW) 2024, this cutting-edge technology enables ultra-fast charging and energy ...

ASEAN Centre for Energy and Huawei Sign ...

Dec 4, 2025 · The partnership includes joint research, technical workshops, and capacity-building programmes to accelerate renewable energy ...
