

Huawei Industrial Energy Storage Vehicle Manufacturer

Overview

Are Huawei & SAIC planning a new energy vehicle production base?

According to the reports, Huawei and SAIC are now penning agreements with the Lingang New Area to create a new line of energy vehicles (EV) and battery plants to power them. The aim of this agreement with the Lingang in Shanghai's free trade zone is to build the "Shangjie High-end Intelligent New Energy Vehicle Production Base".

Are Huawei & SAIC working on a new smart car brand?

Huawei and SAIC have jointly developed the Shangjie smart car brand, and now both parties are putting in more efforts to expand this new project via EV and battery plants. These plants will open a new production base for SAIC in China. Both SAIC and Huawei have been working for months on a new EV brand called Shangjie.

Which EV brands has Huawei partnered with?

Tech giant Huawei has already collaborated on four other EV brands, namely AITO, Luxeed, Stelato and Maextro, under its Harmony Intelligent Mobility Alliance (HIMA). Huawei's tech support, such as adaptive driver assistance and intelligent cockpit solutions, has injected new momentum into the partner carmakers.

Will SAIC Shangjie cars be equipped with Huawei's Smart Mobility Solutions?

SAIC Shangjie vehicles will be equipped with Huawei's smart mobility solutions, said Zhu Yong, head of the SAIC Shangjie business. The cars will target the middle to high-end market, catering mainly to households and young white collar workers.
