

# **Huawei Ireland solar container battery Factory**

## Overview

---

Is Huawei launching a solar energy storage battery system?

We are tremendously excited to announce that Huawei have launched one of the most anticipated solar energy storage battery systems on the planet to date.

What is a Huawei Luna battery storage system?

Huawei has brought 30 years of expertise in digital information technology to the world of battery storage! Their modular Luna system combines an all-in-one look with a modular system built from 5kWh & 7kWh units. Huawei's systems are compatible with their optimisers and carry a 15-year warranty as well as 100% depth of discharge.

What is a solar panel battery storage system?

The solar panel battery storage system consists of stacked and linked modules which will provide you with all of the green energy created from the solar power station on your roof top or from one of our ground mounted solar panels installations.

What is a modular lithium solar panels battery?

The brand-new modular lithium solar panels battery is a high voltage component which when coupled with Huawei power inverters and our superior solarwatt solar panels, offers unparalleled functionality. It is also very much compatible with a diverse range of power inverters.
