

India Off-Grid Solar Container Distributor 100kW

Overview

Which is the best solar inverter in India?

Fuji Electric offers PCSs and storage cell systems for renewable energy applications. Sun-AP is one of the Off-Grid Inverters. Sun-ap Ecopower is the leading distributor of Fuji Electric solar inverters in India. Our wide range of solar inverters is Designed to meet your power needs.

What is an off-grid solar inverter?

Off-Grid Solar inverter - An off-grid solar inverter is very popular and it comes with a power backup. Off grid solar inverters work independently of the grid. Most home appliances such as Fans, Cooler, TV, AC, Water Pump etc. can work through this inverter. A 1 kW off-grid solar inverter is sufficient enough for a 2-4 BHK house.

How does an off grid solar inverter work?

During the day, off grid solar inverter charges the battery and can run the home appliances such as Cooler, TV and submersible pump. At night, when the sun is unavailable, the inverter runs your household appliances with the help of the battery power.
