Foldable shipping containers an answer to port congestion?

Your Professional background?What Causes 'Empty Running'?Who Inspires You?Empty containers clog roads and ship terminals, causing port congestion and leaving little space to unload ships. This then forces many ships to wait offshore, wasting resources and slowing the supply chain to a crawl. The problem disappears only as the ships sail away.See more on supplychaindigital Author: Sean AshcroftMarine InsightChina Ranks First Globally For Intelligent Port DevelopmentJan 10, 2025 · Image for representation purposes only China has claimed the top spot worldwide for intelligent port development, with 52 automated container and dry bulk terminals built so ...
