

# **Kenya Aggregate Energy Storage Technology Project**

## Overview

---

Who is the implementing agency for the Kenyan battery energy storage system?

The Kenya Electricity Generating Company PLC (KenGen), has been designated to be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which is part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Will Kengen implement a 100MW Bess project in 2024?

KenGen has announced that it will implement an initial 100MW BESS project as part of the World Bank funded GREEN program in early 2024. The BESS project has been identified as a possible solution to increased proportion of intermittent energy to the Kenyan power system and energy curtailment during off peak hours.

What type of energy does Kengen produce?

KenGen is the leading electric power generating company in Kenya, generating 1904MW, which represents a market share of 65% of the nation's installed capacity, making KenGen the largest energy producer in East Africa. The company's energy mix includes Hydro (825.69 MW), Geothermal (799 MW), Solar (253.5MW), Wind (25.5MW).

## Kenya Aggregate Energy Storage Technology Project

---

KenGen to Launch Pioneering Battery Energy ...

Nov 28, 2023 · KenGen to implement a battery energy storage system in Kenya, boosting green energy under the World Bank-funded GREEN ...

---

Kenya Launches Tender for Solar-Plus-Storage Project at ...

May 29, 2025 · Kenya has issued a new tender for a solar-plus-storage project at Seven Forks, combining 42.5 MW of solar power with a 3 MW/4.5 MWh battery system. Discover how this ...
