

# Kenya Medium-Range Grid Energy Storage

## Overview

---

Does Kenya need battery energy storage?

A battery energy storage. The question of power storage has become critical as Kenya embraces e-mobility which requires reliable power supplies. The Energy and Petroleum ministry targets to mainstream power storage in its electricity master plan as the country's renewable energy generation expands.

Who is the implementing agency for the Kenyan battery energy storage system?

The Kenya Electricity Generating Company PLC (KenGen), has been designated to be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which is part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Does Kenya have a power grid?

Kenya's electricity grid shares interconnections with Ethiopia, Tanzania and Uganda, and additional interconnectors with other East African countries can further support the exchange of power for balancing and supply.

What is Kenya's strategy for power generation & infrastructure development?

This ongoing series of plans, updated periodically, outlines Kenya's strategy for power generation and infrastructure development to meet future energy demands cost-effectively. Forecasting demand accurately and securing investment for planned projects are persistent challenges. Provides a strategic planning framework.

## Kenya Medium-Range Grid Energy Storage

---

KenGen piloting power storage to help country cut on idle ...

Jul 31, 2025 · The Kenya Electricity Generating Company is piloting use of a Battery Energy Storage System for uninterrupted renewable power, marking a new frontier in Kenya's green ...

---

Executive summary - Kenya 2024 - Analysis

Dec 5, 2025 · The increase in variable renewable energy capacity leads to the need for energy storage systems, which can provide grid services and stability. Kenya's electricity grid shares ...

---

Kenya to Implement 100MW battery Energy Storage System ...

Dec 19, 2023 · The Kenya Electricity Generating Company PLC (KenGen), has been designated to be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which ...

---

Executive summary - Kenya 2024 - Analysis

Dec 5, 2025 · The increase in variable renewable energy capacity leads to the need for energy storage systems, which can provide grid services and ...
