

# **Kuala Lumpur Active Energy Storage Project**

## Overview

---

Is Malaysia ready for energy storage?

(Photo: iStock) Malaysia is rapidly expanding solar and other intermittent renewable generation, creating strong momentum for energy storage. The country's first four large-scale grid-connected storage projects have attracted significant interest, with more than 20 companies submitting over 30 proposals.

What is Peninsular Malaysia's first utility-scale battery storage project?

The project marks Peninsular Malaysia's first utility-scale battery storage project. Back in February, Tenaga had talked about a battery pilot project that it said would be "operated by Grid System Operator (GSO), and overseen by the EC".

Who is Eve energy storage Malaysia?

The project will be executed by its wholly-owned subsidiary in Malaysia, Eve Energy Storage Malaysia Sdn Bhd, located in Kulim City, Kedah State, as an expansion of its existing production facility. The construction period will not exceed 2.5 years, with a land area of about 484,000 square meters.

Are battery energy storage systems a keystone in Malaysia's Energy Transformation Story?

Battery energy storage systems (BESS), once relegated to the margins of policy discussions, are fast becoming a keystone in Malaysia's energy transformation story. As solar and other renewables take up greater shares of the generation mix, the national grid's growing complexity demands a reliable backbone, a role BESS is beginning to fulfil.

## Kuala Lumpur Active Energy Storage Project

---

Malaysia's First Large-Scale Electrochemical Energy Storage Project

Dec 30, 2024 · On December 23, local time, Malaysia's first large-scale electrochemical energy storage project, the Sejingkat 60 MW Energy Storage Station, successfully connected to the ...

---

TNB earmarks RM43bil to upgrade national grid with AI, battery storage

Jun 16, 2025 · KUALA LUMPUR: National utility company Tenaga Nasional Bhd has committed RM43 billion to upgrade the national grid infrastructure, said Prime Minister Datuk Seri Anwar ...

---

TNB Better. Brighter.

3 days ago · TNB will kick start a 400MWh BESS pilot project, marking Malaysia's first utility-scale battery storage project to address intermittency issues of RE. This pilot project will be operated ...

---

EVE Energy Commits USD 1.2 Billion to Establish Energy Storage ...

Jun 30, 2025 · Chinese battery manufacturer EVE Energy is set to invest USD 1.2 billion to establish a large-scale energy storage manufacturing facility in Malaysia, marking a significant ...

---

Eve Energy plans to build \$1.2 billion energy ...

Jun 30, 2025 · The energy storage battery project is an expansion of Eve Energy's existing facility in Malaysia, which began operations in February ...

---

Malaysia's first large-scale grid storage projects draw over 20 ...

Aug 22, 2025 · Malaysia is rapidly expanding solar and other intermittent renewable generation, creating strong momentum for energy storage. The country's first four large-scale grid ...
