

Kyiv is building a wind power generation system

Overview

How many MW is a wind farm in Kyiv?

Danish wind developer Vestas A/S and Ukraine's DTEK Renewables are adding nearly 400 MW of new capacity to a wind farm they've already built between Mykolaiv and Odessa, about 400 kilometres south of Kyiv. The partners have been running the 114-MW Tyligulska I facility—in a dangerous war zone—since the spring of 2023, Vestas said in a release.
