

Latvian Energy Storage Base Station Business Park Company

Overview

Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

Why do we need a battery system in Latvia?

The battery system is an essential infrastructure element for the security and stability of Latvia's energy supply. The batteries will work as modern accumulators for storing large volumes of energy, which will be important for ensuring energy balance once the Latvian electricity supply grid works in sync with the European grid."

Will Latvenergo become Baltic leader in battery energy storage systems?

Energy company Latvenergo said February 18 it is investing heavily in battery systems with the stated intention of becoming the the Baltic market leader in battery energy storage systems (BESS).

Does Latvia need a Russian-controlled grid?

The disconnection of the Latvian energy supply system from the Russian-controlled grid is a key condition for achieving Latvia's energy independence and security of energy supply.

Latvian Energy Storage Base Station Business Park Company

Utilitas inaugurates 10-MW battery in Latvia

Nov 4, 2024 · Estonian renewable power and heat producer Utilitas has inaugurated the first utility-scale battery energy storage system (BESS) in ...

Construction of Battery Energy Storage System (BESS) Park ...

Client: AS Latvenergo, Rolls Royce Solutions GmbH Year: 2024 - 2025 Location: Latvia LEC, in cooperation with a partner, is constructing a battery energy storage system (BESS) with a total ...

European Energy secures financing for hybrid solar and storage ...

Nov 10, 2025 · European Energy has secured EUR 37.9 million of long-term project financing for a hybrid solar and battery storage project in Saldus, Latvia. Once operational, it will be among ...

Latvenergo invests in plans to become the ...

Feb 21, 2025 · Latvenergo, a state-owned energy company based in Latvia, plans are to expand its generation portfolio with the development of ...

Latvenergo invests in plans to become the Baltic market ...

Feb 21, 2025 · Latvenergo, a state-owned energy company based in Latvia, plans are to expand its generation portfolio with the development of battery energy storage systems (BESS), ...

Europe's most powerful battery energy storage systems to ...

6 days ago · Latvian transmission system operator Augstsprieguma tīkls AS (AST) and German company Rolls-Royce Solutions GmbH (Rolls-Royce) have started cooperation on the ...

Latvenergo invests heavily in battery systems, plans to ...

Feb 18, 2025 · A growing demand in the energy market for battery energy storage system (BESS) technologies is developing currently, and the trend is expected to remain stable in the future. ...

Europe's most powerful battery energy storage systems to be installed

6 days ago · Latvian transmission system operator Augstsprieguma tīkls AS (AST) and German company Rolls ...

Latvia's largest battery energy storage system ...

Nov 1, 2024 · The construction of the electricity storage battery system at the Targale wind park is a step towards the development of the frequency ...

Latvia: first BESS opens ahead of Russia grid ...

Nov 7, 2024 · Latvia's first utility-scale battery storage project has been commissioned, while Fotowatio Renewable Ventures has entered the ...

Latvia's Energy Landscape Evolves with New Battery Storage ...

Nov 8, 2024 · Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, ...

Latvia: first BESS opens ahead of Russia grid uncoupling

Nov 7, 2024 · Latvia's first utility-scale battery storage project has been commissioned, while Fotowatio Renewable Ventures has entered the Finland market.

Latvia's largest battery energy storage system unveiled

Nov 1, 2024 · The construction of the electricity storage battery system at the Targale wind park is a step towards the development of the frequency market in the region. "Such hybrid parks, ...

Latvenergo positive about Baltics' battery-powered future

Feb 18, 2025 · "A growing demand in the energy market for battery energy storage system (BESS) technologies is developing currently, and the trend is expected to remain stable in the ...

Utilitas inaugurates 10-MW battery in Latvia , Energy Storage ...

Nov 4, 2024 · Estonian renewable power and heat producer Utilitas has inaugurated the first utility-scale battery energy storage system (BESS) in Latvia, a 10-MW/20-MWh facility.
