

Lisbon portable power supply recommendation

Overview

We recommend the European Travel Plug Adapter, VINTAR International Power Plug Adapter with 1 USB C, 2 American Outlets, and 3 USB Ports. Do I need a travel adapter in Lisbon?

Make sure your devices are compatible with these plug types or consider bringing suitable travel adapters. To ensure compatibility with the power sockets in Lisbon, it's recommended to carry a travel adapter. A travel adapter allows you to connect your devices with different plug types to the local power sockets.

Do you need a US to Portugal power adapter?

Having the right US to Portugal power adapter is an essential travel item to ensure you capture every moment during your unforgettable vacation to Portugal. Let me help you avoid my mistake, so you can confidently explore places from Lisbon's charming streets to beautiful beaches, knowing your devices will always stay charged.

What type of power socket does Portugal use?

The answer is simple. Portugal uses Type F power sockets, which have two round pins and grounding clips. Your standard US devices with flat, two-pronged plugs won't fit directly into these outlets. To use your electronics, you'll need a Portugal adapter type that specifically converts US plugs to Type F.

What plugs do you need in Portugal?

They are usually dual voltage (110V/220V), so all you need is the correct plug adapter. Portugal uses two common plug types: For your small devices, a simple Type-C adapter will do the trick. These adapters are compact, affordable, and widely available, so you can pick one up before you travel or at the airport.
