Who is Sola - solar outdoor lighting Australia?

Very pleased with them so far! Welcome to SOLA - Solar Outdoor Lighting Australia, where we illuminate your world with the power of the sun. At SOLA, we specialize in providing high-quality, eco-friendly outdoor garden lighting solutions that are designed for the Australian lifestyle.

Which solar panels are best for outdoor use in Australia?

For outdoor use, opt for IP65 or higher. ABS, stainless steel or powder-coated aluminium will offer longer life in Australia's climate. Look for 1500mAh+ lithium-ion batteries for full-night performance. Fast-charging solar panels are ideal in shaded or cloudy areas. Choose between stake-mounted, wall-mounted, or freestanding.

What are solar garden lights?

Solar garden lights are outdoor lighting fixtures that operate on electricity from batteries charged through the use of solar photo-voltaic panels. It is absolutely critical to get these right, as they can make or break the illumination, style and mood of your garden.
