

# Middle East solar energy storage company

## Overview

---

Who is South East Solar and Storage?

South East Solar and Storage is a local family run Solar installation company that specializes in the survey, installation, and commissioning of small and large scale solar PV installations. They offer a high degree of engineering and installation experience. South East Solar and Storage is not directly related to solar repair, but rather to solar installation. Solar panel systems require very little maintenance or repair.

Is wind energy a business opportunity in the Middle East?

While solar has become a popular avenue for companies in the Middle East due to its solar yield and reliability, wind energy is also becoming an opportunity for business growth. ACWA Power and Envision Energy are developing a 1.1 GW wind farm in Egypt's Suez Gulf region, which has the highest wind potential in the country.

Who is the largest solar developer in Egypt?

Scatec entered the Egyptian market in 2015 with 380MW operational, and it has grown to become the largest solar developer in the country. The Obelisk solar plant will feature high-efficiency monocrystalline silicon panels mounted on single-axis trackers, maximising exposure to the sun throughout the day.

Does Saudi Arabia have a solar power plant?

Saudi Arabia is also making strides with its solar ambitions. SPPC has signed a PPA with Jinko Power, Sun Glare Holding Company (SGHC), and Sunlight Energy Group (SEG) to develop a 400MW Tabarjal solar PV power station in Al Jawf Governorate on an IPP basis.
