

Mobile power box model

Overview

What is Honda Mobile Power Pack?

YAMAHA MOTOR CO., LTD. YAMAHA MOTOR CO., LTD. Mobile Power Pack is Honda's swappable battery. Honda is taking on the challenge of providing products and services that will change the mobility and lifestyle of tomorrow, both as the swappable power source for mobility, and as energy that can be easily carried.

What is a mobile battery exchange station?

Portable, swappable batteries can be used for electric mobility, but are also multi-use so they can power various types of equipment, and even household appliances. As they are swappable, mobile batteries can be replaced at a battery exchange station, so for mobility, this service solves charging time and cruising range issues.

What is Honda Mobile Power Pack E (MPP)?

Anticipating such a trend, Honda created Honda Mobile Power Pack e: (MPP), an easy-to-use swappable battery pack, to address the key issues facing electric mobility products, namely the long charging time, inadequate range and high battery cost.

What is Honda Mobile Power Pack exchanger E?

Moreover, Honda Mobile Power Pack Exchanger e:, a battery swapping station capable of charging multiple MPP units, can be connected to the power grid so that the MPPs will be charged with and store surplus electricity from the grid and serve a “buffer function” to reduce the charging load on the power grid.
