

# **New Energy Storage in Mumbai India**

## Overview

---

Will Tata Power install a 100 MW battery energy storage system in Mumbai?

Mumbai, 7th April, 2025 – Tata Power, India’s largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100 MW Battery Energy Storage System (BESS) in Mumbai over the next two years.

How will a 100 MW power system benefit Mumbai?

The system will also optimise reactive power management, improving peak demand efficiency and strengthening the city’s power infrastructure. The 100 MW system will be installed across 10 strategically located sites in Mumbai, especially near load centres.

How will a power system improve Mumbai's power network resilience?

This will prevent large-scale blackouts and enhance Mumbai’s power network resilience. Additionally, the system’s sophisticated technology will optimize reactive power management, improving peak demand efficiency and strengthening the city's power infrastructure.

What is Tata Power Mumbai?

With this initiative, Tata Power Mumbai continues to drive Technology innovation and sustainability, reinforcing its commitment to delivering reliable, efficient, and future-ready power solutions for the city. About Tata Power:

## New Energy Storage in Mumbai India
