

New Zealand container generator

Overview

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Can you put a generator in a container?

Generators can be put into containers. There are a number of benefits to doing this including: Easier transportation and installation making them ideal for temporary or remote applications. They are more secure as typically they are lockable which prevents unauthorised access. Do I need to service my power system?

Put simply, yes.

Why should you choose a containerised generator?

Containerised Generators are trusted across industries where reliability and resilience are non-negotiable, such as Healthcare and Rail infrastructure. Every unit can be tailored to your project with options for fuel type, noise attenuation, and space-saving layout.

What is a diesel generator?

Diesel generators are those that are run on diesel, and can typically be divided into two basic parts: a diesel engine and an electrical generator. Diesel generators can be used to provide power to places that are not powered by a power grid or can be used as a backup in case of a power outage.

New Zealand container generator

SANY Diesel Generators for NZ Mining , Silent Box & Container ...

Discover SANY's Silent Box and Container diesel generators, engineered for New Zealand's mining sector. Reliable, fuel efficient, and built to perform in tough conditions.

Container ~ 1000

Container ~ 1000 - 2250kVA Designed for high-power applications, these containerised generators offer a secure, transportable solution for large-scale power needs. Ideal for ...

Containerised Diesel Generators For Sale , Global Shipping

Containerised generators offer an all-in-one, secure power solution designed to meet the demands of large-scale operations. These robust units combine power generation, fuel ...

Container ~ 1000

Container ~ 1000 - 2250kVA Designed for high-power applications, these containerised generators offer a secure, transportable solution for large ...

Containerized large diesel generators

Containerized large diesel generators Large generators up to 1450 kVA Download the brochure Service / Parts The electric VSD (Variable Speed Drive) motor-driven, cooling fan, adjusts the ...

Genset Information - Generators Direct Limited

At Generators Direct we offer a wide range of generation equipment and provide turn-key solutions for a number of our clients. We are able to offer alternative fuel gensets and provide ...
