

New energy storage project in Dublin

Overview

What is ESB's biggest battery storage plant in Ireland?

(EUR 1 = USD 1.078) Irish state-owned utility ESB on Wednesday opened a 75-MW/150-MWh battery energy storage plant, currently Ireland's largest, at its Poolbeg site in Dublin.

Does ESB have a battery plant in Dublin?

ESB has officially opened a major battery plant at its Poolbeg site in Dublin, which will store excess renewable energy for discharge when needed. It said the facility will add 75MW of fast-acting energy storage to help provide grid stability.

What does ESB's new battery plant mean for Ireland?

Fennell Photography The ESB has opened a major battery plant at its Poolbeg site in Dublin which will add 75MW (150MWh) of fast-acting energy storage to help provide grid stability and deliver more renewables on Ireland's electricity system.

Where is ESB delivering a new battery energy storage system?

This latest battery energy storage system (BESS), currently the largest site of its kind in commercial operation in Ireland, is part of ESB's pipeline of projects which are being delivered at sites in Dublin and Cork - representing an investment of up to €300m.

New energy storage project in Dublin

Ireland Powers Up with Largest Battery ...

Jun 25, 2024 · Ireland takes a leap towards clean energy with its largest battery storage facility. Explore the benefits of this 150 MWh project.

New batteries based on rusting will help make Ireland's energy ...

Jun 5, 2025 · At a Time of Climate Crisis: Pioneering Donegal project shows how long-duration energy storage can make a big contribution

ESB opens Ireland's largest battery storage ...

Feb 13, 2024 · The Republic of Ireland's environment minister officially opened a 75MW/150MWh battery energy storage system (BESS) last week.

ESB inaugurates 75-MW battery in Dublin

Feb 8, 2024 · The project at ESB's Poolbeg Energy Hub in Dublin has been in operation since late November 2023. ESB is partnering with US energy ...
