

Nicaragua is communicating via base stations

Overview

Does Nicaragua have a military base?

Nicaraguan officers are limited to providing “security” at the base. The Army's Directorate of Military Intelligence and Counterintelligence (DICIM) operates at the Mokoron base, known as Unit 502.

Did Russia install Russian equipment at Nicaraguan military bases?

Sources told the outlet that Russian equipment was installed at several Nicaraguan military bases in mid-2017 and since managed by Russian officers who were the only ones knowledgeable about its operation.

Is Nicaragua a Russian espionage center?

A radio direction-finding system and SORM-3 software are used in combination to monitor embassies and detect possible “traitors” of the dictatorship. In recent years, a Nicaraguan Army base located on the Mokoron hill just south of Managua, has become one of Russia's main espionage centers, according to sources linked to the military.

Does Nicaragua have political surveillance?

Political surveillance in Nicaragua has been reported since before 2018. In 2017, the Citizen Lab Institute of the University of Toronto, Canada, included Nicaragua among the Latin American countries that spy on their citizens.
