

Nordic outdoor power battery with lithium

Overview

What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

What is a Norsk lithium battery?

Designed by fishermen and boat owners, every Norsk Lithium battery is built with real-world insight and innovation. From advanced features not found in competing batteries to intelligent engineering focused on performance and reliability, Norsk Lithium delivers power you can trust in the toughest conditions.

Do Norsk lithium batteries overheat or overcharge?

Our batteries come equipped with dual USB ports, an LED Battery power indicator, and a Battery Monitoring System that's "fool" proofed. Norsk Lithium batteries won't overheat or overcharge. We offer innovative technology - with no engineering degree required! Norsk Lithium powers your passion so you can chase adventure.
