

North Cyprus Silent Container Generator

Overview

Why should you choose a containerised generator?

Fire Detection Panels and Intruder Alarms: Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: Super Silent: Super silent 65dBA at 1m for prime power running diesel and gas. Critical Backup Power: For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Does dingbo provide a container generator without soundproof function?

Dingbo provides standard container generator without soundproof function and container silent generator set. The feature as below: 1. Design and manufacture as per the international standard container, i.e.:20 feet for 1000KVA or less and 40 feet for 1250KVA or above. 2.

What is a silent container?

The silent container is made by high performance and anti-ageing, flame retarding, sound insulation and damping materials, with unique and elaborate design for air intake, outlet and noise reduction device. Optional parts: auto fuel feed pump (or control valve), cooling liquid feed pump, dual oil-water separator, auto parallel system, etc.
