

Outdoor Inverter Generator

Overview

Which inverter generator is best for home & outdoor use?

The most compact and lightest model in its class for home & outdoor use. The Cromtech Outback Inverter Generator 2.4kW is the most compact and lightest model in its class. This model is ideal for Camping, caravanning & RVs due to its compact suitcase shape. It is also suitable to power portable fridge freezers, a small office and small power tools.

What is a portable inverter generator?

A portable inverter generator is a type of generator that is powered by gas and can run for up to 15 hours when fully fueled. They are versatile and can be used to power various appliances such as lights, kitchen equipment, small tools, and electronics.

Should I buy an inverter generator for home use?

When considering purchasing an inverter generator for home use, consider what you will be using the generator for. If occasional power outages are the only concern, then a small unit may be sufficient.

What is the best inverter generator for an RV or cabin?

If you're looking for an inverter generator for your RV or cabin, this unit from Champion can get the job done. It has the power you need to run all of your electrical equipment, and has a strong reputation for quality that helped get it on this list. It produces 7,500 running watts for up to eight hours on 50% load with a full tank of gas.
