

Outdoor Power Plus Portable Generator

Overview

What is portable power plus?

Portable Power Plus - your go to source for power stations, solar generators, solar panels and more! We provide the best portable power solutions that are renewable, versatile, and environmentally friendly. Find your perfect portable power solution for camping, RV living, tailgating, general home use and emergency backup power.

What is a portable solar generator?

Portable Solar generators are the ultimate solution for off-grid power needs. Solar generators are a reliable power source that can be used for camping, outdoor activities, and emergency situations. Solar generators are equipped with high-quality solar panels that can capture and store energy from the sun.

How to control outdoor generator?

□App Control And 13 Outports□Connect your phone to check and control the generator for home through the app. For example, check the power level, input power, output power, charging time and battery temperature of the outdoor generator. Charge 99% of your devices via 13 outlets (4* AC, 2* USB-A, 4* USB-C PD, 2* DC and 1* Cigarette Lighter).

Are portable generators eco-friendly?

These compact generators offer eco-friendly, silent alternatives to traditional gas-powered units, and many now include support for solar charging, smartphone controls, and ultra-fast charging speeds. From high-capacity models to small portable power stations that fit in your backpack, there's a solution for every need and budget.
