

Paris High Power Energy Storage Equipment Company

Overview

Who is delivering France's largest battery energy storage system?

The news was released by Bloomberg this morning. Leading battery storage developer Harmony Energy is set to deliver France's largest battery energy storage system (BESS)—the Cheviré battery project - using Tesla Megapack technology.

What does Harmony Energy do for France?

Harmony Energy CEO for France Andy Symonds said: "Developing and operating vital battery energy storage facilities across France, will lead to enhanced energy security, more affordable energy bills, and the decarbonisation of the grid. We are excited to commence building works on our first project."

What are battery energy storage systems?

Thomas Kohler, Head of Storage France Battery storage (battery energy storage systems or "BESSs") are an essential component of the energy system. They ideally complement renewable generation which is by nature intermittent, presenting a major challenge for system operators. This technology makes it possible to:

What is the energy storage industry?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group.
