.

How much does a power station cost?

A cheap, super-portable power station. This one has everything you need and comes in at \$239. A cheap, portable power station offering a broad array of ports and a decent power output for just \$239. A big power station available for a low price. If you want a lot of battery capacity, this is the one for you.

Why should I buy a portable power station?

Good as a lightweight and portable power station for camping. Multiple outlets (AC, USB, DC) allow you to charge or run several devices. Flashlight built into the unit. Fast charging time. Not powerful enough to run larger devices. Battery life doesn't last as long as expected/advertised. Slow recharge time when recharging the unit itself.
