

Power battery pack OEM production

Overview

Who makes energy storage battery industrial battery packs?

At Redway, we specialize in the custom design and manufacture of energy storage battery industrial battery packs for original equipment manufacturers (OEMs) from a spectrum of industries.

What is battery pack manufacturing?

Battery pack manufacturing can be a complex process depending on the size of the pack, the types of battery chemistries used, if a battery management system (BMS) will be used, and whether testing and certification must be done before transportation.

Where are Redway batteries made?

Redway's leading edge manufacturing facility and headquarters are based in Shenzhen, Dongguan and Sichuan China. We specialize in the custom design and manufacture of energy storage battery industrial battery packs for original equipment manufacturers (OEM) from a spectrum of industries.

Who are the battery systems group?

Our battery systems group has been designing and manufacturing batteries for industrial devices for many years. We possess in-depth knowledge of different chemistries for both primary and rechargeable battery systems, allowing us to select the most suitable battery power solution to fulfil customer requirements.
