

Rabat 12v ups uninterruptible power supply

Overview

Can UPS batteries be used while charging?

Our ups batteries can be used while charging. When your home is out of power, ups will supply power to your equipment, so that your equipment can operate normally in the event of a power outage. It can support charging and use at the same time. When the power is suddenly cut off, it will continue to supply power to your device without adjustment.

Does the UPS battery have a 12V power source?

Customers appreciate the UPS battery's 12V power source, with one customer noting it can handle devices running on 12V DC. Customers appreciate the UPS battery's adapter selection, with one mentioning it includes adapters for most routers and another noting the variety of changeable cable ends provided.
